Here is another just-elected member of the Prince Albert "old-time jimmy pipe club." This is John O'Reilly, of East Providence, R. I., who has just passed the century mark. Mr. O'Reilly is one of those grand old men who has come to this ripe age with the joys of his friendly jimmy pipe fresh in his mind each morning. He has always been a liberal smoker.

Prince Albert is sold everywhere because the demand for it is universal. So wherever you happen to run short just drop in the nearest shop that sells tobacco and buy the toasty red bag for a jimmy pipe, the tin, 10c; handsome pound and half-pound tin humidor; and that classy crystal-glass sound humidor with special-occasion top.

WEST VIRGINIA ITEMS OF NEWS.

Dry Detective Was Assaulted.

Charleston, W. Va., Nov. 11.—Following the raiding of a restaurant where officers from the department of prohibition and the city police broke into a safe and confiscated a large quantity of whisky, five men assaulted J. Walter Bee, of the prohibition force of deputies this afternoon on Capital and Virginia streets, rendering him unconscious. The police arrested all the men.

Postmasters Told to Deposit Money in The Banks.

Wheeling, W. Va., Nov. 12.—Postmasters throughout the Panhandle district of West Virginia have received instructions from Washington to deposit all extra money and stamps in the banks for safe keeping. So numerous have been postoffice robberies throughout this section recently that it is the belief of secret service men working on the case that a well-organized gang is behind them.

On yesterday afternoon late without the least warning the boiler of the S. F. Curry saw mill at the mouth of Elk creek exploded, killing John Lee Farley instantly and injuring Anse Curry, son of S. F. Curry. The mill was a complete wreck.

At the time of the explosion John Lee Farley was filling the boiler with water. He was killed instantly, the force of the explosion blowing him about fifty yards.—Williamson News.

Blue to Have Detectives on Train.

Charleston, W. Va., Nov. 11.—Fred O. Blue, commissioner of prohibition, announced today that he has arranged to have deputies on all passenger trains running into West Virginia from cities in which saloons are located for the purpose of keeping acquainted with every person who brings liquor into the state. Mr. Blue said that the statistics will be kept in his department and that as soon as any person transports into his territory more than a reasonable quantity of intoxicants, he will be considered as a bootlegger and be arrested as such.

West Virginia As a Farming State.

On account of the large interests in timber and minerals in West Virginia the general impression prevails that the farming interests of the state do not amount to much. This is a great mistake as is shown in government statistics. West Virginia has more than \$45,000,000 worth of domestic animals and poultry; of horses and mules she has 179,733 head, worth close to \$20,000,000. She has 616,557 head of cattle worth \$16,000,000; 325,000 head of hogs, worth \$2,000,000; 906,093 sheep and lambs, worth \$3,000,000 and 3,310,155 head of poultry, worth \$1,628,700.

The fruit industry is adding millions to the incomes of West Virginia farmers. Kentucky is famed as a blue grass; yet West Virginia has a greater territory adapted to blue grass than has Kentucky. These and a thousand other things regarding the state should be known to West Virginians. It would make them better contented with their state and better farmers and live stock men.

Five Calves in Two Years.

When a cow belonging to Hiram Pridemore of Godby Crossing, and described by him as "just a plain old scrub about eight years old," gave birth to twin calves two years ago, nothing much was said, and there was nothing much to be said as the event, while somewhat rare, was nothing of an important nature. However, when, on last Sunday morning, this same cow brought three more offspring into the world, Mr. Pridemore began to take notice that there was something unusual about that cow, and now he is willing to venture the opinion that she has established a record for bovine prolificacy that will hold all cattle raisers for a while.

The twin calves both lived to maturity, but all three of the latest arrivals are dead. Two of them were fully developed, but the third lacked a most

important adjunct, a head.—Logan Democrat.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

RUB PAIN FROM BACK WITH SMALL TRIAL BOTTLE OF OLD "ST. JACOB'S OIL."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Linger up! Don't suffer! WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Errors are Ancient History

Error-proof bookkeeping is just as necessary for the protection of your money on deposit with us as is a modern burglar-proof safe.

The Burroughs Bookkeeping Machine which we are using in our accounting department, handles the bookkeeping work with absolute accuracy. Its figuring is done by parts of hardened steel—it can't make a mistake. Errors in the handling of our depositors' accounts are ancient history since we have been using this modern equipment.

This extra safeguard in handling the figures which represent your transactions

with us is just one of the ways in which we are prepared to give you service.

Another service we offer is consultation and advice in the business affairs of our customers, when such help is asked for.

Talk over your business and financial problems with us—any officer of this bank will be glad to consult with you on such matters at any time. Often we are able to make helpful suggestions.

Any service, consistent with good banking practice, which is in the power of this bank to offer you will be given freely and cheerfully at any time.
